

CORNER the market on PRODUCTION

Reduce Labor • Paint into Corners

NON-BEVELED super/fab®

Roller covers traditionally have beveled, or trimmed, fabric ends to add control. Wooster Non-Beveled Super/Fab covers are designed to roll into corners to save time, often eliminating the need to cut in with a brush!

Non-Beveled Super/Fab

- Overhanging material from the non-beveled ends rolls paint into corners for fast production
- Super/Fab FTP™ has HydroFlow™ technology for controlled release & resists shedding with today's fast-drying paints: flat, eggshell, satin
- Original Super/Fab provides exceptional capacity with all flat, eggshell or satin paints, stains, waterproofing
- Green™ double-thick polypropylene core resists water, solvents & cracking

Cat. No. & Description	UPC 0-71497-	Size	Nap	Surfaces	Case Qty.	Cubic Ft. Per Case	Pounds Per Case
