

WOOSTER®

501™ FRAME

THE RELAXED FIT

MADE IN USA

Like your favorite pair of jeans, the **WOOSTER 501 FRAME** adds comfort while painting! With a blue Shergrip® handle for a non-slip grip, it's perfect for hot or tired hands. Made with soft elastomeric material and durable polypropylene, the grip resists solvents, cleans easily, and won't swell or crack. Now it has been redesigned to fit more snugly in the hand with a slightly larger width and a molded thumb groove. To reduce twisting when used on extension poles, a rim of Shergrip material at the bottom of the handle helps it lock onto threads. With performance and comfort, the 501 is sure to become an American favorite.

501 FRAME

- ★ Sturdy 5-wire cage, blue polypropylene endcaps
- ★ Galvanized 1/4" shank
- ★ Soft, blue Shergrip threaded handle
