Little Genius™

A Smart Little Brush

It's true, good things DO come in small packages! In fact, since the new Wooster Little Genius paintbrush fits easily in your pocket, it's that much more likely to stay with you. And the more places you take the Little Genius, the more bright ideas you'll have about how and where to use it.

Paintbrush Prodigy

This whiz kid has the softest brush tips to provide a very smooth, even finish with all latex- and oil-based paints. Little Genius paintbrushes resist wear and are small enough to paint many hobbies and crafts.

Dusting Dynamo

Tasks like dusting off a computer keyboard or car dashboard are a cinch for the Little Genius. Use it on appliances, furniture, electronics, or cold air returns around the house. What new places will you add to the list?

Conscientiously Constructed

Little Genius has a short handle that's great for comfort and control, but it is also made of recycled material which means it reduces industrial waste. Plus, this brush is manufactured right here in the USA.
