

WOOSTER®

GOLD EDGE™

The Next Generation is Here

Following the success of our Silver Tip® brush line, we have developed a new option with firmer filaments. Gold Edge™ paintbrushes are made with an exclusive formula of chemically tipped (CT™) polyester. This filament is very soft and fine to virtually eliminate brushmarks, yet it has added stiffness to push paint farther on the surface and provide control for sharp, single-pass cuts. Excellent for all paints and enamels, Gold Edge brushes offer semi-professional results at a great price.

Cat. No. & Style	UPC 0-71497-	Size (Inches)	Length (Inches)	Thick (Inches)	Case Qty.	Cubic Ft. Per Case	Pounds Per Case
